E info.sotrasol@alkion.com

Alkion Terminal Sotrasol Le Havre (ATSLH) is strategically located on the Northern Coast of France at the entrance of the Le Havre harbor right next to the estuary of the Seine River. The site enables easy access to the large petrochemical complexes located further upstream. ATSHL is ISO 9001:2008 and ISP certified.

Liquid storage: 104 000 m³
93 tanks from 100 to 5 000 m³

Capacity in m ³	Number of tanks		
	Mild steel	Stainless steel	Coated
From 0 to 150	-	1	19
